WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

To Whom It May Concern: Application # 09595473

My Name is Frances Simmons; I have a U.S. Patent with your office#6378463. My reason for writing your office at this time is to save my patent. I have not made a payment concerning my maintenance fees, reason why I been out of work since 2005 but God is Good!!! I shared my situation with my family and friends last year 2009, it was hard to talk about my misfortune to them.

It took some time but thanks to my brother he finally came around to help with this situation. Please accept my payment; I have not abandoned my patent. I now have the support to continue my mission. There is not a day go by I don't think about my invention. I might have delayed my payment but please don't denied my purpose to see this invention on a store shelf. This investment was my life saving and I believe, this is it...please allow this dream to happen. In closing I, would like to thank you in advance for your consideration, If you have any questions please call me at 773-507-9000.

Sincerely

Frances Simmons
